

## LES TALENTUEUSES

## QUESTIONS

*Love is in the building* 

Because in construction, we don't just build walls, but also love stories, we are launching the 'Love is in the building' category! Did you meet your soul mate between two hammer blows or around the coffee machine in the prefab? Tell us everything! Tell us how your love was born between trowels and scaffolding. The best story will be honored and rewarded during our awards ceremony.
